THREE SHIPS ABANDONED WHEN BATTERED BY HEAVY SEA GALES

U. S. LINERS ARE LEFT TO SINK IN NORTH ATLANTIC

Others Endangered By
Storms Sweeping Over
the Ocean.

ALL BADLY CRIPPLED

Wireless Messages Tell of
Perilous Condition of
the Vessels.

Boston, March 8.—Battered by the heavy seas, the plaything of the gales, three ships were abandoned by their crews and left to sink in the north Atlantic. Wireless messages today told of others in danger of being lost with all hands and coast guard cutters and steamers going to their assistance.

The list of disabled craft follows:
U. S. shipping board steamer Guilford, abandoned 15 miles off Nantucket shoals. Crew of 37 rescued by steamer Pocahontas. Transferred to U. S. Destroyer Dale which took them to Newport. Revenue cutter Acushnet picked up the abandoned Guilford off the shoals.

Waterlogged the four masted American schooner Eva Douglas, reported abandoned 300 miles east of Delaware Capes. Crews of 12 picked up by British steamship Vasari.

U. S. Shipping Board steamer Lake Ellithrope loses propeller. Swept by 70 miles an hour gale toward rocks off Sable Island, N. S., but managed to get by the island without striking.

A steamship which observers believe to be the collier Cape Breton, aground on shore of Scattered island, N. S. Heavy seas reported pounding her to pieces.

American steamer Lejok carrying lumber from Jacksonville to Porto Rico abandoned waterlogged and sinking. Crew of six rescued by steamer Gut Heil.

No word from U. S. Shipping Board steamer Bushrod reported afloat 900 miles at sea Friday.

A steamer sent out S. O. S. calls off Halifax, N. S. Steamer Napiermore went 10 miles to rescue. Now standing by Coast guard cutter Seneca put out from New York to assistance of steamer.

Cable from London reports the liner Maine encouraging heavy gale 300 miles southeast of Irish coast with her rudder gone. Ships sent to her assistance.

Steamship Norfolk Range, tall shaft stripped and propellers disabled, towed into Portland, Me., assistance reaching here in time to prevent vessel being lost on ledges off Halfway Rock.

Oil tanker Tydol, ice coated, put into Plymouth, Mass., after strenuous trip from Bayonne, N. J.

WOMEN DIVIDED ON VIEWS OF SPANIARD ON HOW TO TREAT SEX

Feminist Circle Takes
Varied Positions of
Matter.

Paris, March 8.—The advice of the famous Spanish author Blasco Ibañez to American husbands "treat their wives a little roughly once in a while," has aroused keen interest in feminist circles in Paris.

"No woman, whether American or French, can be happy if she is obliged to surrender herself completely, no matter if it is done consciously or unconsciously," said Mme. Lesur, an authoress, today. "It may be that American men do not sufficiently discuss their affairs with their wives who, in consequence seek certain outside interests and complain of neglect. It is not sufficient for men to give money to their wives. They must also give time and thought to them."

Mme. Jules Siemgried, a suffrage leader said:
"I do not believe that the happiness of American women anymore than that of the women of other nations consists in either ruling or being ruled. The relationship of husband and wife in real marriage must be noble collaboration and co-operation to which each contributes. In a home where there is real love and respect the word 'master' sounds crude."

BOY JUMPS INTO SEA FROM SHIP

Boston, March 8.—With a heavy sea running and the temperature around zero, J. Bersford, of Erie, Pa., a mess boy aboard the Army Transport Pocahontas, jumped overboard when the ship was steaming about 200 miles east of Cape Cod. A life crew, hindered by fog and the heavy sea, was unsuccessful in its attempt to rescue him.

DON'T FORGET, GIRLS,
IT'S LEAP YEAR, TO

Sergt. Edward H. Seitz.

Sergt. Edward H. Seitz of Cam Devoes has forty days in which to choose a wife or forfeit a gift of \$10,000. He has been given the money by a wealthy New York woman, a near relative, who is still living, with the proviso that he must marry as soon as he is discharged from the army or forfeit his inheritance. He will be discharged in four days.

GOVERNOR MAY CANCEL DOUBLE ELECTROCUTION

Chief Executive To Com-
mute Sentence To
Life.

Columbus, O., March 8.—The double electrocution, scheduled to take place at the penitentiary shortly after midnight tonight, may not take place.

The original program called for the killing tonight of Edward Nease and Jacob Ediger, both of Cincinnati, for the murder of William Thie, a Cincinnati baker, and the electrocution of Ludi Shelton, negro for murdering a Cincinnati policeman.

Shelton lost his temper when informed that he had been given a stay of execution until April 30, so that the state supreme court can review his case.

"I'm tired of this fooling around," exclaimed Shelton. "Why don't you have it over with," he asked Warden Thomas. "I'm ready. If those other fellows go in the morning I want to go with them."

But, it is said that the state clemency board today will recommend that Governor Cox commute the sentences of Nease and Ediger to life imprisonment in as much as two other prisoners, implicated in the murder of Thie, received life sentences.

LODGE APPEARS BEFORE MEETING IN COLUMBUS

Says Death Not End
of Life But Only
Episode.

Columbus, O., March 8.—"Death is not the end of life. It is merely the separation of etherial from the material body, an interesting episode not to be feared and almost to be looked forward to."

These are some of the striking statements made by Sir Oliver Lodge, English scientist, addressing a Columbus audience on "the evidence for survival."

"We live on after death," he said, "retaining our memory, character and affections."

Sir Oliver said scientific evidence of survival is found in communication with the dead through mediums.

CENSUS BUREAU ANNOUNCED FIGURES

Washington, March 8.—The census bureau today announced the following preliminary census figures:
Everett, Wash., 1920 population, 27,614; 2,800 increase, 11.3 per cent increase; 1910 population 24,814.
Ottumwa, Ia., 1920 population 23,003; 991 increase; 4.5 per cent increase; 1910 population 22,012.
Lewiston, Maine, 1920, population 31,707; 5,460 increase; 7.8 per cent increase; 1910 population 26,247.

DRASTIC ACTION MAY BE TAKEN AGAINST TURKEY

Entente Prepared To Go
the Limit if Nec-
essary.

INTERVENTION LIKELY

Allies May Occupy Con-
stantinople is Be-
lief Here.

London, March 8.—An allied army of 60,000 men is being contemplated at Constantinople and in adjacent Turkish territory. It was learned this afternoon. These troops are being massed at strategic points as a result of unanimous agreement reached among the allies.

Units from fleets of the various allied powers are collecting in the sea Marmora with Constantinople lying within easy range of their guns. British troops in Egypt and Palestine are reported to have been ordered to Constantinople. Detachments of allied troops that were being held in the near east are being moved closer to the Turkish capital as a result of the critical situation that has developed.

Home drafts in England are being held in readiness for service.

London, March 8.—The new allied note to Turkey on Saturday containing drastic terms, will be followed by drastic action if necessary, said the Daily Telegraph today. British initiative and the threat to occupy Constantinople startled France, but French opinion is understood to have undergone a complete revolution regarding the Turks after the massacre of Christians in Cilicia. There is a tendency on the part of the Italians to abstain from action, limiting their part in the new allied attitude towards Turkey to diplomatic co-operation.

Great Britain is reported to have sent a direct query to both France and Italy asking if they would take joint action for the occupation of Constantinople. Large forces of allied troops are being held at Salonika, Batoum and in Anatolia for use at Constantinople and elsewhere in Turkey if needed.

FIGHT AGAINST FREIGHT RATES IN SOUTH IS UP

All Correspondence Relat-
ing to Case Called
Forth.

Washington, March 8.—The fight being waged by the midwest, southern and southeastern states against freight rates which it is alleged, militate against those sections was advanced a step today when Representative Benjamin F. Welty, of Ohio, filed a resolution in the house calling upon the I. C. C. to furnish all copies of letters and complaints bearing upon the case.

Under rates established by order of director general of railroads, the territory comprising Ohio, Indiana and Southern Michigan was granted in 1919, and the same export rate via New Orleans as New York. The eastern railroads have given notice to the I. C. C. of the demand that these rates be changed to conform with what they were prior to December 31, 1919, when the new rates went into effect. Welty's resolution was referred to the committee on interstate and foreign commerce.

The southern traffic league, after naming a committee of 15 to confer with the I. C. C. in the preparation of a rate classification revision plan, announced its intention of being represented by the same committee at the foreign trade conference at Greensboro, N. C., next Friday, meeting there with the producers, shippers and commercial bodies from North and South Carolina, Georgia, Florida. Over 150 cities will be represented it was stated.

Hermosillo, Tex., March 8.—Prince Gustavus Adolphus, heir to the throne of Sweden, will be a national guest at Mexico City next month, according to advices received here by Governor De la Huerta. He will go to Mexico City from Belize, in British Honduras.

The Prince, who is an archaeological student, will visit several recently discovered ancient pyramids while in Mexico.

PRIMA DONNA STARTS ORGANIZATION TO PROMOTE NATIVE OPERA IN U. S.

Marguerite Sylva.

Marguerite Sylva, internationally famous prima donna who in private life is Mrs. Bernard L. Smith, has organized the Washington Opera Association of Washington, D. C. The purpose of this society is to form the nucleus of an organization to promote native opera in this country by subscriptions. Mme. Sylva believes such an organization should be national in scope and should receive the official encouragement of the government.

AMERICA NOT TO SHARE IN LOAN TO GERMANY

Age Means Little
To "Uncle John"

Lexington, Ky., March 8.—"Uncle John" Shell, 132 years old, said to be the oldest man in the world, is a widower for the fourth time. His thirty-five year old wife died recently.

After the funeral, George Chappell, 70 year old father in law of Shell, thinking his aged son in law unable to care for his six year old son, took the child away.

Shell protested in vain. After securing his flint lock rifle, he went in pursuit. Overtaking Chappell, he forced him at the point of the gun to surrender the child, whom he took back to his home.

Neighbors are caring for the aged man and his son.

SCHMIDT AWNING REMOVED MONDAY; WAS OLD LANDMARK

H. E. Schmidt complied with the city ordinance regulating awnings, following his defeat in the courts in a test case of the ordinance, by having the objection removed Monday morning.

The workmen started early and by eight o'clock the entire awning had been removed and work was started to install the new canvas awning which will take the place of the old one. The old awning was covered with tin with a projection over the gutter and with posts set in the sidewalk. It conflicted with the city ordinance which made it illegal to have an awning that projects more than eight feet from a building or has upright posts as support.

With the removal of the awning an old Xenia landmark has passed on and the entire appearance of the Schmidt store has been changed. The awning had been standing for about forty years.

PRESIDENT OUT ON SECOND AUTO TRIP

Washington, March 8.—President Wilson for the second time within a week, today took a short motor trip. The weather was a bit cold although the sun was shining brightly and the president asked Dr. Grayson to arrange an early motor trip through the suburbs of Washington.

The president today drove in an open car. Last week he took a short trip in a closed car.

Mrs. Wilson and Dr. Grayson sat on either side of the president, who wore a medium weight overcoat, a gray golf cap and a sweater. The car drove through the residential section of the city.

WILSON SENDS FINAL STATEMENT OF TREATY PLANS; REJECTS OFFER

Prepares Letter in Response to Communication Sent
Last Week Which Was to Be Forwarded Monday
to Proper Officials.

TREATY BIG ISSUE IN PRESIDENTIAL RACE

Convinced That American People Will Settle Question
of Commitment to the League of Nations
at the Polls.

Washington, March 8.—President Wilson has prepared a letter stating his position on reservations to the peace treaty, it was announced at the White House today.

The letter is written to Senator Hitchcock, and is in reply to the request that the president receive Senator Simmons, who was delegated to explain the Democratic senators' position to the president.

The president's position will be plainly stated, for the benefit of the senate it was stated. It is generally understood that the president refused to accept reservations to article X of the League of Nations covenant.

The letter will be the "final statement of the president's position on reservations" it was learned at the White House. It is understood that the president will state his position on the Taft reservations on article X.

The president has also prepared a letter for Senator Simmons which states that his position on the treaty is set forth in the letter to Senator Hitchcock.

By J. Bart Campbell
Washington, March 8.—President Wilson is convinced the peace treaty will be the big issue of this year's presidential campaign whether the senate now ratifies it or not.

The president has so informed those who have access to him, it became known today through official White House channels.

According to administration senators with whom Glass discussed his recent conference with the president regarding the possibility of a compromise on the Lodge reservations to article X, the president is of the opinion that the American people will settle the moot question of their proposed commitment to the league of nations.

Despite further tinkering with the phraseology of the long disputed Lodge reservation to article X, on which some of the Republican "mild reservationists" and administration senators seeking ratification are still engaged, the treaty is expected to go down to defeat in the senate this week for the second time.

Senator Borah, Republican, of Idaho, leader of the senatorial "irreconcilables" opposed to ratification has served notice he will seek to force action on the Lodge reservation to article X today.

Unanimous consent will be required to take up article X reservation, however, before the other reservations have all been disposed of, according to Senator Lodge of Massachusetts, the Republican leader.

Having readopted the ninth reservation on Saturday, the senate is scheduled to start today with the tenth, that providing that no limitation of armaments proposed by the council of the league of nations shall be binding on the United States until accepted by congress.

Having passed over the second reservation, which is that concerning article X, the senate has thus far readopted eight out of 14.

PUBLIC TRIALS OF GERMAN WAR LORDS BEGIN MAY 1ST

Berlin, March 8.—The public trials of Germany's war criminals will open in the supreme court at Leipzig the first of May if the allies immediately furnish complete charges and an outline of the evidence against the accused, Minister of Justice Eugene Schiffer, announced today.

The preliminaries are already under way at Leipzig.

"Our enlarged force of state attorneys at Leipzig are working upon the list furnished by the allies, but need evidence from the entente upon which to base the indictments," said Herr Schiffer. "Nothing has arrived yet. The first cases tried will be those where the charges are most clearly defined, such as cruelty in prison camps. We ought to be ready for definite action in two months."

SENATE FAILS TO TAKE ACTION ON COLBY APPOINTMENT

Qualifications For Office
Must Be Scrutinized.

Washington, March 8.—The senate foreign relations committee again failed today to take any action on the nomination of Bainbridge Colby for secretary of state. It was again said that no recommendation as to Colby's confirmation should be made to the senate until his qualifications for the office has been carefully gone into.

Members of the committee stated it would probably be some time before the committee finally acted, although it was said he probably would be confirmed eventually.

A report will be made on the committee's investigation of the objections which have been raised to his confirmation, it was said.

Colby cannot function until he is confirmed by the senate.

SUFFRAGE ACT ASSAILED BY WET FORCES

Want Prevention Of Voting For Ohio Women.

Columbus, March 8.—Word reached Secretary of State Smith's office that the wets have put machinery in motion to secure a referendum on the Reynolds suffrage act.

The law will become effective April 20, and will permit women to vote April 27 for presidential preference and delegates to the national conventions unless held up by referendum petitions.

It is understood that the anti-suffrage association has had referendum petitions printed in Cincinnati, and that it is now engaged in mobilizing an army of circulators to secure 60,000 signatures. Filing of the petitions would hold up operation of the law until passed upon by the voters next November.

The Reynolds bill, passed by the general assembly in January, gives to women born in the United States and to women whose fathers or husbands are American citizens, the right to vote April 27. The bill repeals the Potts-Reynolds act of a year ago, upon which a referendum petition was filed.

The number of signatures which the anti-suffragists must get to their petitions during the next 43 days is 6 percent of the total vote of 1917, 930 cast in Ohio in the general election in Ohio in 1918 or the law will become effective seven days prior to the preference primaries.

If the petitions with the requisite signatures are filed women will be deprived of participation in the primaries unless the federal amendment granting the franchise to them is ratified by 36 states before April 27.

How the Harding candidate for alternate at large in the Eighth district and the Democratic woman candidate for delegate at large in the Twenty-second district will be affected by the filing of the petition has not been determined. It would require three of the four votes of the board of election in the respective counties to rule the names of the women from the ballot.

HOTEL BURNS IN SOUTH; GUESTS ESCAPE, REPORT

Various Stories Related On Outcome of Blaze.

Old Point Comfort, Va., March 8.—The Chamberlin hotel a famous tourist resort, erected by permission of congress on the government reservation at Fortress Monroe, was destroyed late Sunday by fire that started in a room on the ground floor.

So rapid was the spread of the flames that in two hours nothing was left but scanty ruins.

It was impossible for the police to ascertain definitely whether there had been loss of life.

A fireman reported that in the early struggle with the flames while he was directing a stream of water into an upper window, he heard screams from within.

Another fireman said he saw an elderly man and woman appear at a window which was almost instantly obscured by smoke, and that he did not see them again.

In the confusion the hotel register either was forgotten and burned or was locked in the hotel safe.

Army officers and the hotel management declare so far as they had been able to ascertain there was no loss of life.

There were about 200 guests at the Chamberlin, which had in all 170 employees, not all of whom, however, were at work when the fire started.

Fire departments from Hampton and other points on the Virginia peninsula were rushed to the scene, but were unable to do anything to stop the rapid headway of the fire. In addition to the Chamberlain a large general store adjoining the Adams Express company's office was destroyed. Boats did not dock, but continued on their way.

During the excitement several women put themselves in extreme peril in efforts to return to their rooms to save belongings. Several of these were rescued by firemen.

The hotel was on the eve of the Easter season. It was valued at \$2,000,000.

CENTRALIA MURDER TRIAL ENTERS LAST WEEK OF HEARING

The Testimony of Four Alienists To Be Heard Tuesday.

Montesano, Wash., March 8.—Entering on its seventh and probable final week, the next few days of the Centralia murder case will be eventful ones.

When court opened today the prosecution began rebuttal testimony for which hundreds of witnesses have been summoned. According to prosecutor W. H. Abel, Thursday will probably be devoted entirely to the testimony of the four alienists who have examined the defendant, Loren Roberts, to determine his mental condition.

Virtually all the important witnesses for the defendants, especially those who have in any way remotely connected Warren O. Grimm, with an assault on the I. W. W. hall, have been asked questions by the prosecution laying the foundation for impeachment by witnesses who are to be heard this week.

QUILT WEDDING CELEBRATED SATURDAY

Immediate relatives of the bridal pair were the only witnesses to the marriage of Miss Hazel Smith, daughter of Superintendent and Mrs. M. S. Smith of the Greene County infirmary, to Horace Anderson, son of Dr. and Mrs. George Anderson of Alpha, which was celebrated Saturday evening. The ceremony took place at 8 o'clock in the parlors of the apartments of Superintendent Smith's family at the county infirmary. The Rev. Charles E. Bennett of the First Methodist Episcopal church the brides pastor, officiated, using the ring service.

The bride was wearing a suit of navy tricot with a blouse in the same shade, having touches of henna, and a corsage bouquet of pink rose buds. When she went away she donned a blue toque with henna trimmings. Her gloves and footwear were gray.

Directly after the service Mr. and

WEATHER HURTS FIRST CO-OPERATIVE SALE; AMOUNTS TO \$3,203

Cold weather had a somewhat chilling effect upon the co-operative sale which was held by farmers of Spring Valley township, in Spring Valley last Saturday. The sale however totalled \$3,203.

The sale attracted a large number of people to the village, but the fact that the auction was in the open, kept down much interest and made the bidding less lively than it would have been under more favorable conditions. Horses, of which there were 20 head offered sold very low, the demand for these animals not being great. Eight or ten head of cattle were sold, bringing fairly good prices. There were a number of hogs and the snouts of which there were 30 head, bringing an average of \$10 a head. Hay sold for \$29 a ton. While it was expected to have a large number of sheep, a bunch that had been consigned was withdrawn before the sale opened and only 31 head were sold.

The crowd attending the sale was seated on the ground. The women of the M. E. church, in the community home. Auctioneers were Mills, Stanley and Wright. W. W. Whitaker and W. C. Smith clerked the sale.

The sale was the first co-operative one in Greene county.

FAYETTE AUTO CLUB SELLS MANY LICENSES

The Fayette County Automobile Club, affiliated with the Ohio State Automobile Association, has sold over \$4,000 worth of automobile tags to people of this section.

The handling of the tags by the Automobile Club is a service to the community that is being taken up by automobile clubs all over the state and there were such an organization here it would be a part of the service it would render the community.

Greene county people have taken advantage of the service offered by the Washington C. H. Club and many have secured their tags there. Auto owners from other counties in this section have also patronized the Fayette County Club.

SUFFRAGE ACT ASSAILED BY WET FORCES

Want Prevention Of Voting For Ohio Women.

Columbus, March 8.—Word reached Secretary of State Smith's office that the wets have put machinery in motion to secure a referendum on the Reynolds suffrage act.

The law will become effective April 20, and will permit women to vote April 27 for presidential preference and delegates to the national conventions unless held up by referendum petitions.

It is understood that the anti-suffrage association has had referendum petitions printed in Cincinnati, and that it is now engaged in mobilizing an army of circulars to secure 60,000 signatures. Filing of the petitions would hold up operation of the law until passed upon by the voters next November.

The Reynolds bill, passed by the general assembly in January, gives to women born in the United States and to women whose fathers or husbands are American citizens, the right to vote April 27. The bill repeals the Fouts-Reynolds act of a year ago, upon which a referendum petition was filed.

The number of signatures which the anti-suffragists must get to their petitions during the next 43 days is 6 percent of the total vote of 1917, 930 cast in Ohio in the general election in 1918 or the law will become effective seven days prior to the preference primaries.

If the petitions with the requisite signatures are filed women will be deprived of participation in the primaries unless the federal amendment granting the franchise to them is ratified by 36 states before April 27.

How the Harding candidate for alternate at large in the Eighth district and the Democratic woman candidate for delegate at large in the Twenty-second district will be affected by the filing of the petition has not been determined. It would require three of the four votes of the board of election in the respective counties to rule the names of the women from the ballot.

Various Stories Related On Outcome of Blaze.

Old Point Comfort, Va., March 8.—The Chamberlin hotel a famous tourist resort, erected by permission of congress on the government reservation at Fortress Monroe, was destroyed late Sunday by fire that started in a room on the ground floor.

So rapid was the spread of the flames that in two hours nothing was left but scanty ruins.

It was impossible for the police to ascertain definitely whether there had been loss of life.

A fireman reported that in the early struggle with the flames while he was directing a stream of water into an upper window, he heard screams from within.

Another fireman said he saw an elderly man and woman appear at a window which was almost instantly obscured by smoke, and that he did not see them again.

In the confusion the hotel register either was forgotten and burned or was locked in the hotel safe.

Army officers and the hotel management declare so far as they had been able to ascertain there was no loss of life.

There were about 200 guests at the Chamberlin, which had in all 170 employees, not all of whom, however, were at work when the fire started.

Fire departments from Hampton and other points on the Virginia peninsula were rushed to the scene, but were unable to do anything to stop the rapid headway of the fire. In addition to the Chamberlain a large general store adjoining the Adams Express company's office was destroyed. Boats did not dock, but continued on their way.

During the excitement several women put themselves in extreme peril in efforts to return to their rooms to save belongings. Several of these were rescued by firemen.

The hotel was on the eve of the Easter season. It was valued at \$2,000,000.

CENTRALIA MURDER TRIAL ENTERS LAST WEEK OF HEARING

The Testimony of Four Alienists To Be Heard Tuesday.

Montesano, Wash., March 8.—Entering on its seventh and probable final week, the next few days of the Centralia murder case will be eventful ones.

When court opened today the prosecution began rebuttal testimony for which hundreds of witnesses have been summoned. According to prosecutor W. H. Abel, Thursday will probably be devoted entirely to the testimony of the four alienists who have examined the defendant, Loren Roberts, to determine his mental condition.

Virtually all the important witnesses for the defense, especially those who have in any way remotely connected Warren O. Grimm, with an assault on the I. W. W. hall, have been asked questions by the prosecution laying the foundation for impeachment by witnesses who are to be heard this week.

QUIET WEDDING CELEBRATED SATURDAY

Immediate relatives of the bride and groom were the only witnesses to the marriage of Miss Hazel Smith, daughter of Superintendent and Mrs. M. S. Smith of the Greene County infirmary, to Horace Anderson, son of Dr. and Mrs. George Anderson of Alpha, which was celebrated Saturday evening. The ceremony took place at 8 o'clock in the parlors of the apartments of Superintendent Smith's family at the county infirmary. The Rev. Charles E. Bennett of the First Methodist Episcopal church the brides pastor, officiated, using the ring service.

The bride was wearing a suit of navy tricot with a blouse in the same shade, having touches of henna, and a corsage bouquet of pink rose buds. When she went away she donned a blue toque with henna trimmings. Her gloves and footwear were gray.

Directly after the service Mr. and Mrs. Anderson went away for a brief honeymoon trip. They will be at home on South King street, this city, in property belonging to the bride's father. Mr. Anderson who is managing his father's farm near Alpha, will make trips each day back and forth between this city and the farm.

Mrs. Anderson after completing school in Xenia, took nurse training at Battletree Sanitarium, Battle Creek, Mich., and at the Miami Valley hospital, Dayton. Mr. Anderson is an alumnus of Antioch college. After graduation he taught school at Zimmerman before taking up agriculture.

How About Your Catarrh? Do You Want Real Relief?

Then Throw Away Your Sprays and Other Makeshift Treatment.

Why? Simply because you have overlooked the cause of catarrh, and all of your treatment has been misdirected. Remove the cause of the clogged-up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they will promptly re-appear until their cause is removed.

S. S. S. is an antidote to the millions of tiny Catarrh germs with which your blood is infested. A thorough course of this remedy will cleanse and purify your blood, and remove the disease germs which cause Catarrh.

LEWISTOWN WOMAN IS NOW WELL AND HAPPY

Mrs. Alice McClusky Says She Wishes she had Heard Of Tanlac Twenty Years Ago—Would Have Saved Her Lots of Suffering.

Mrs. Alice McClusky

"I have been trying for twenty long years to find a medicine that would overcome my troubles, but my efforts failed me completely until I commenced taking Tanlac," was the remarkable statement made recently by Mrs. Alice McClusky, residing at No. 66 Park Street, Lewistown, Me., a well-known and most highly respected woman of that city.

"I just feel like I would give the world to meet anyone who suffers as I did and tell them about this medicine. If I could only have gotten Tanlac twenty years ago it would have saved me a lot of suffering and money.

"My principal trouble was indigestion, and for many years I could not eat meat of pastries for I would always suffer afterward. I would most always have a distressed feeling after eating and nothing seemed to agree with me. Then, to add to the rest of my suffering, I contracted rheumatism in my shoulders and hips and the awful pains I suffered can never be told in words. This trouble finally got so bad I could hardly walk and my arms pained me so I could scarcely raise my hands to my head. I even had to give up my housework and was hardly able to get around at all.

You can imagine how happy I was when, after taking only a few bottles of Tanlac, I found such a wonderful improvement in my condition! Why

it was just the medicine I needed all the time and I continued taking it until now I am perfectly well again. I can truthfully say that I am enjoying as good health now as I ever had in all my life. I have gained about 14 pounds in weight and can again do all my housework without the least trouble. I don't get tired like I did and after doing my work I can get out and walk for blocks and feel just fine when I get back home. I earnestly advise everyone who suffers as I did to take Tanlac.

Tanlac is sold in Xenia by Sayre & Hemphill, druggists.

EXPRESS WORKERS ON STRIKE IN CHICAGO

Chicago, March 8.—A strike which the leaders say they will tie up all express deliveries in Chicago, Detroit, Cleveland, Toledo, Elkhart, Ind., Davenport, Ia., and Moline, Ills., was called at 6 a. m., today by 3,000 employees of the American Express company.

The strikers are members of the Brotherhood of Railway Clerks, composed of truckers, sorters, billers, car loaders, revisers, supply clerks, and collectors employed by the company. They declare that on Sunday the strike will be joined by the railway expressmen.

Officials of the company declare the strike to be an "illegal" one in the eyes of the grand lodge brotherhood of railway clerks, which was said to have refused to sanction it.

The strike is for higher wages. Among express shipments which it will delay, according to the union heads, are newspapers, perishable goods, dairy products and live stock.

ARREST PRESIDENT OF MILK COMPANY ON FRAUD CHARGE

Charges Filed That Official Acted Illegally.

Mansfield, O., March 8.—John M. Mote, inspector for the agricultural department of the state caused the arrest today of William Isaly, president and general manager of the Mansfield Pure Milk company, on the charge of defrauding John E. Angle, a retailer, by giving only 15 1/2 ounce prints of butter instead of 16 ounces. Isaly is connected with large milk plants at Youngstown and Marion. He entered a plea of not guilty and the case was continued to next Wednesday morning.

Inspector Mote also caused the arrest of Milo Thrush, a farmer, on the charge of giving only one-fourth of a cord of wood to the customers whom he charged for one cord. Thrush pleaded guilty and was fined \$50 and costs.

EXPRESS DRIVERS WON'T WALKOUT

Chicago, March 8.—The 2,200 express drivers employed by the American Railway express company here refused to join the runaway strike of clerks employed by the concern, it was announced today. Although a general embargo on freight here will remain in effect because of the strike the action of the drivers is regarded as a severe blow to the walkout. The drivers action averts a tie up of deliveries of perishable foodstuffs, it was declared.

In Charge of Local Circulation Campaign

William Giesman, who has been in charge of a circulation campaign for the Gazette and Republican for the past three weeks, is one of the best known circulation promoters in this part of the country.

Mr. Giesman holds the self-styled degree of Counselor of Circulation, which means that he is an expert in the solicitation and management of circulation for newspapers.

One of Mr. Giesman's crews is at present at work in Xenia and Greene County, building up the circulation of the Gazette and Republican. Mr. Giesman himself, directs the work

WILLIAM GIESMAN

of his subordinates personally, in the very field itself at the start, and later from his desk in Sandusky.

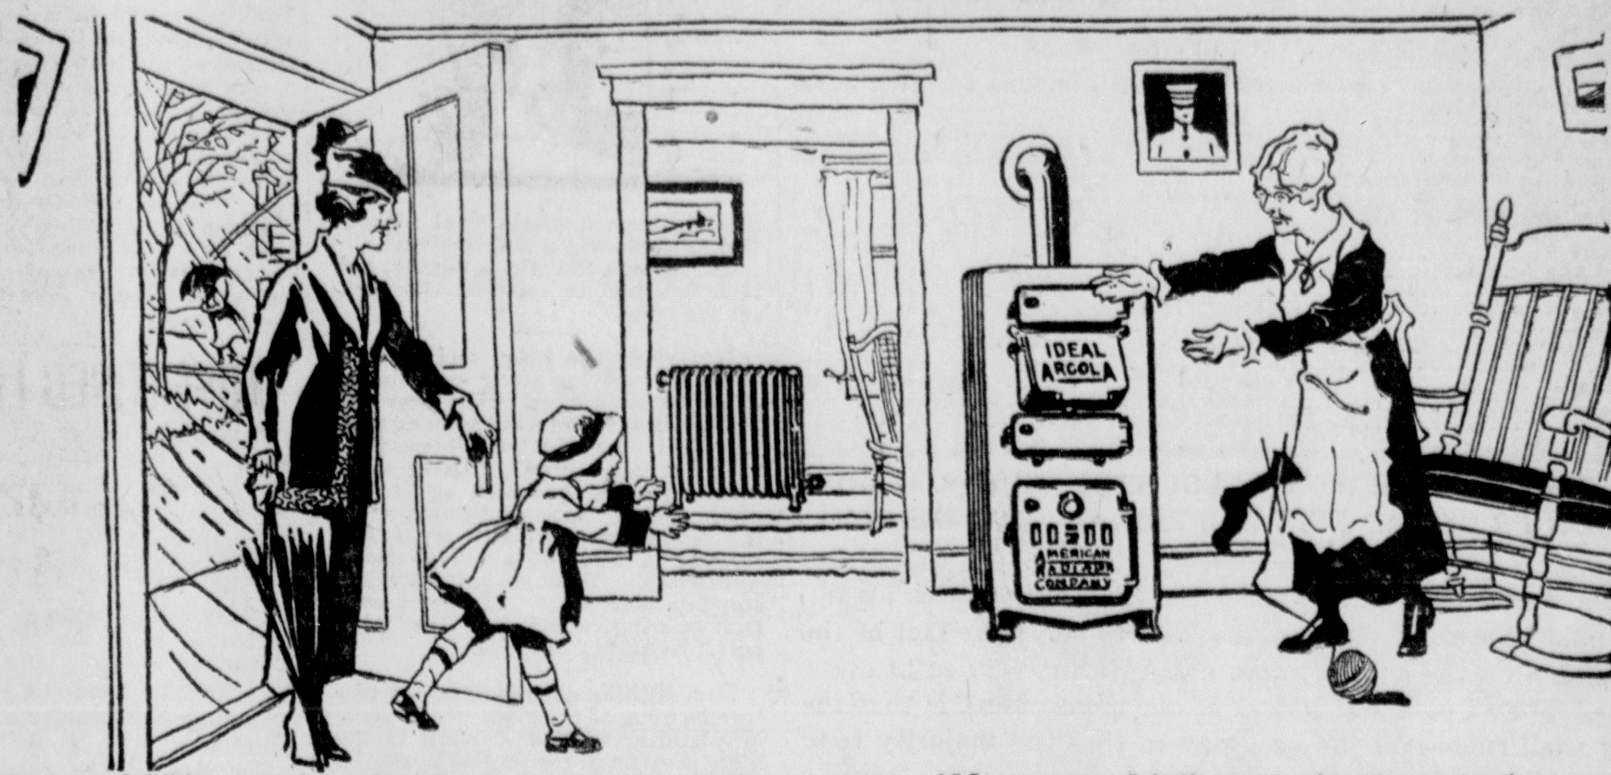

The Circulation Counselor radiates energy, business and efficiency. Mr. Giesman and what he represents, is something new in service to the newspaper publisher. His wide and varied experience as circulation manager of large dailies in this country, renders his advice invaluable. His policy of circulation building is a straight solicitation with no premiums and no contests of any kind.

In the field of circulation upbuilding Mr. Giesman has no peer. In two circulation campaigns put on here for the Gazette and Republican exclusively, he has demonstrated the value of business methods and efficiency in getting and handling circulation.

This circulation expert is in demand all over the country. He hails from Sandusky, Ohio, but his duties carry him all over the country, and he has a large number of expert solicitors, divided into campaign crews, and working circulation for his clients, in various parts of the country.

The average investor is, unfortunately, not in position to judge the value of securities in which he is asked to place his money and so must rely on the statements made to him. In these times of great prosperity, many so-called investments that cannot survive in normal times or periods of depression are offered and taken. Your banker is more familiar with financial conditions than anyone else and will be glad to advise you. Consult him freely.

The Sherwin-Williams 7% First Preferred Stock, free of all taxes in Ohio, can well be recommended. The company is the world's largest manufacturer of paints and varnishes, has been established for 54 years, and has earned not less than 18% on its capitalization in each of the last 36 years. The old 7% preferred stock now to be retired, has never sold below 110 and as high as 128 from 1907 to date. Listed on the Cleveland Stock Exchange, a quick market is always available.

DON'T YOU BE DECEIVED

Sprays and Salves Will Not Cure Catarrh.

By the persistent use of external applications, you may stop the catarrhal discharges from your nose, and throat. The trouble will, however, return in a more aggravated form. It is said that the glands of the nose and throat act as "an emergency plug for the human sewerage system," that when the kidneys, skin and lungs are unable to properly dispose of some of the impurities that collect in those organs, such impurities are thrown out through the glands of the nose and throat. Head colds, due to exposure must not, however, be confused with the chronic aggravated condition of the nose and throat traceable to impure blood.

The best way to relieve this condition of chronic catarrh is by cleansing the blood of the impurities that have collected in the system. There is no better treatment than Prescription C-2223, the great blood purifier. This reliable alternative prescription treatment corrects the impure state of the blood, gives the tissues an opportunity to exercise their normal functions and results in the relief of the catarrhal condition so dangerous to good health.

To help throw off the poisons, something to stimulate the liver and regulate the bowels is necessary. There is nothing better than 2223 Liver Pills. This tonic vegetable pills does not sicken or gripe. One is a dose.

Your druggist guarantees and sells Prescription C-2223 at \$1.50 a bottle and 2223 Liver Pills at 25c a box, or 2223 Laboratory, 126 Second Avenue South, will send both postpaid on receipt of \$1.75. Write for literature, 1920 Almanac and sample of pills.

A GREAT SYMPOSIUM OF THE COUNTRY SHOWS ALMOST UNANIMOUS DESIRE FOR ADOPTION OF THE TREATY.

When a great self-governing nation like our's, faces an important public measure, the one who tries to solve the fact of the public opinion on the subject, does a significant service to every one of us. For an essential theory of our government is that the majority shall rule—and the best way to find the majority is to find the public opinion of the greatest number.

For a whole year one single subject has been the uppermost one in the nation—should or should not the German Peace Treaty and the League of Nations be adopted by our Senate? There has been wide spread effort to make believe that the country is opposed to the Treaty and League—in other words that Public Opinion disapproves of them. So, we are glad that one of our leading publications has taken the effectual and simple method of showing that the opposite is the fact—that the nation wants the Senate to Approve of these important State Papers, and wants it to do it at once, promptly, and thus be done with the aggravating matter.

And this is the way the Public Opinion of this whole country has been promptly and succinctly arrived at, as follows:

"If you were president, what would be your attitude or course of action in relation to the Peace Treaty and the League of Nations?"

The Christian Herald addressed that question to governors of states, heads of leading universities and colleges, mayors of several important cities, members of both houses of Congress, clergymen, editors of great newspapers, and other prominent citizens. The names were selected without reference to party or to the expressed views of those addressed. The sole idea was to ascertain the attitude of those Americans most competent by education, experience and training to pass intelligent judgment on the Treaty and the League of Nations Covenant and to present their views without bias.

Sixty-six answers were received to this symposium, each of which is published in full with name and occupation. We have taken the trouble to go over the list to find the sources from which they come, with the following result: From Presidents of Chamber of Commerce 9; from College Presidents 16; from Congressmen 13; from State Governors 13; from large city Mayors 10; from Editors 5—total 66.

And certainly, if you wished to get the public opinion of the country on any important question, you could scarcely find a list—of more representative persons than this. Let it be acknowledged that this is so, and let us tell you the result. Opponents of the League of Nations are few. Among them are the Governor of Florida; the Mayor of Chicago and the Mayor of Newark, N. J. These three represent the entire opposition to the League.

All others apparently consider that the advisability of some form of World League is beyond debate and are concerned only with means by which it is to be attained and by which American rights are to be protected.

The Christian Herald presents this symposium in the belief that an accurate and impartial presentation of the country's best thought on the Treaty and Covenant is one of the most important services which any publication can render.

CIVIC PROGRESS.

An interesting subject to students of cities and their growth or decline has always been, and probably always will be, the underlying cause of the rise or fall. Cities are not built overnight. The aggregate wealth and prosperity of our leading cities today was not the result of a miracle or stroke of luck, but rather the outcome of hard work, enterprise and co-operation by enough of the far-sighted progressive individuals to consummate the enterprise. And likewise the lack of growth and prosperity of others is, in most cases directly attributable, to indifference, unprogressiveness, and absence of teamwork, of those who constitute themselves the leading influences of the community.

Geographical location, transportation facilities, and healthful climate, to say nothing of natural riches, are of course essentials in ultimate development, but these attributes alone do not make for success. Behind it all there must be ability, of the leaders to grasp opportunities, the desire for growth, and perhaps above all a pulling together—teamwork.

Many instances could be cited of towns which years ago were about equal with similar advantages, which today are widely different in size and prosperity, and as is the case with individuals, it is very evident that some worked and some did not.

What took many of our automobile industries to Detroit? What made Akron the center of an enormous rubber industry? Certainly not simply location, or transportation facilities—other cities have as many, but rather the teamwork of certain progressive enterprising business men, who in some way started the ball rolling years ago. Why cannot the same principle be applied locally? Xenia has natural resources and wealth in abundance in its surrounding territory. It has excellent railroad facilities. Why cannot we forget our personal grievances, when it comes to a matter of boosting civic progress. We do not want to stand still. We are not standing still, but how much more progress we could make if we all put our shoulders to the same side of the wheel.

An eminent Englishman has remarked that it would be folly to disarm owing to the fact that we often have to fight in spite of the desire not to, and we are fast coming to the belief that some provision should be made in the League of Nations Covenant for a radical change in human nature.

Whenever we hear a man knock his home town, we are prompted to remark that if it is good enough for him to earn his livelihood in, it ought to be good enough for him to boost.

Our friend Ireland of "Passing Show" fame points out that while the Yugo-Slavs and others want A-DRI-ATTIC, we the United States already have A-DRY-CELLAR.

General Wood apparently believes in not burning his bridges behind him, and anyway a uniform on a general is worth a dozen promises of presidential silk hats.

CHATTER

"Supposing I give you a ride," said the tired-looking woman, "what will you do to earn it?"

"Madam," said the wanderer, "I'd give you the opportunity of seeing a

man go 't'roo a whole meal without finding fault with a single thing." The woman thought a minute, and then told him to come in and she'd set the table.

My slow speaking and patient friend was driving along in a country of dangerous curves. His sister and brother-in-law were in the back seat. "A car is back of you; blow your horn for this curve," "Drive more carefully here, then pick up for the grade ahead," came continually from the passengers. Finally my friend stopped in front of a village hardware store. "What on earth are you stopping here for?" "To get a horn and steering wheel for the back seat," he slowly drawled.

Mrs. Killifer desired that the picture be hung to the right of the door; Mr. Killifer wanted it hung to the left. For once the husband proved to be the more insistent of the two, and Henry, the colored man, was summoned to hang the picture according to Mr. Killifer's order.

Henry drove in a nail on the left wall to the right.

"Why are you driving that second nail?" asked Mr. Killifer.

"Why, boss, dat's to save me de trouble of bringin' de ladder tomorrow when you come round to de misus' way of thinkin'," said Henry.

The county auditor is getting ready for the work of the decennial land appraisers, who will soon begin their work. Mr. Levi Riddell is engaged in getting maps into shape showing each appraiser just what the district comprises.

Mr. John W. Prugh is today announced as candidate for Mayor, subject to the April election.

The Dayton & Xenia Traction Co. now has its headquarters at the Grand hotel, where tickets are on sale, and where passengers may wait for the cars when they start running up East Main street.

The officials of the Little Miami railroad spent last night in Xenia. They are traveling in a private car.

Dr. Trehanne finds the Rapid Transit line quite convenient when calling on patients along the line.

We are informed that the Rapid Transit Company will soon erect a waiting room here for their patrons. Fifty passengers a day is the average from here.

CARPENTIER GOES DOWN TO DEFEAT AT CUPID'S HANDS

Paris, March 8.—Georges Carpentier, heavyweight champion of Europe, went down to defeat before Dan Cupid today, but it was a "knockout" that the handsome young pugilist heartily welcomed. More than 1,000 persons gathered outside of the townhall in the eighth Arrondissement and cheered lustily when Carpentier and his fiancée, Mlle. Georgette Elssner, arrived for their civil marriage ceremony with the mayor of the Arrondissement officiating. The religious ceremony was to follow in the afternoon at the bride's home. Only a few friends were invited to the home ceremony, included several actors and actresses.

Carpentier and his beautiful young bride were the recipients of hundreds of gifts, some coming from England, and the United States. They planned to take an automobile tour of two days in the country, but the honeymoon necessarily had to be brief as Carpentier is scheduled to sail for the United States on Saturday.

COUNTY B. B. TEAMS PLAY WELL IN TOURNEY

After winning two games in the big annual interscholastic basketball tournament at Ohio Wesleyan, Delaware, Yellow Springs High School dropped the third conflict to Marietta High School 28-11, Saturday and was eliminated from further play.

The Yellow Springs team, flushed over its showing in the big meet, returned home Saturday night. While the team did not battle its way into the semi-finals, the showing of the Yellow Springs quintet, considering the basketball talent which took part in the big tourney, was excellent. Yellow Springs defeated Westerville

High in its first game and then handed a drubbing to St. Paris High, thereby winning the right to meet Marietta.

After defeating Yellow Springs, Marietta was defeated 10-8 by Cambridge, which team will go into the semi-finals this week representing the southern division with Stivers High of Dayton, which quintet also came out on top.

Osborn High was another Greene county team that made itself heard from in the big tourney. Osborn won acclaim by defeating Newark High, always a strong contender, by the score of 15-14. It remained for Troy High to eliminate Osborn, defeating the Greene countians 21-16. Troy later fell victim to Cambridge, losing 9-7.

THIRTEEN ENTRIES RECEIVED FOR B. B. TOURNEY FRIDAY

Thirteen entries have been received by the committee in charge, for the Sixth annual basketball tournament to determine the championship of the county, which will be held at Antioch college on Friday and Saturday.

Eight of the teams entered are in the boys division while the remainder are entered in the girls' events. The number of boys' teams entered is the smallest since the first meet but the teams are much better as a whole and the smaller number is due to the fact that some of the weaker teams realized that they would stand no chance with their superior opponents and did not enter. This is only the second year that girls have been admitted and one more team is entered this year than was the case last.

The following teams have been entered in the tourney: Yellow Springs Xenia, Osborn, Jamestown, Bellbrook, Beavercreek, Ross Township, Caesarcreek in the boys division and Yellow Springs, Jamestown, Cedarville, Osborn and Ross township in the girls' section.

Hal Chase.

By Norman E. Brown.
According to recent word from the Giant camp, Hal Chase has laid down his baseball bats and tools for good. The news was not unexpected partly because of the fact that last year, Chase showed that he was slipping fast. Chase, in his palmy days, rightfully earned the title of "King of First Basemen." He covered the bag and the field around it as no man before or during his time could do. He was a good batter and a good player in all branches of the game too. His name would occupy greater space in the hall of fame than it does, but for the fact that slightly temperament and a foolish nature caused him to do indiscreet things that several times threatened his career despite his greatness as a player. One of the last unfortunate mixups in which he became involved cost him his berth with the Cincinnati Reds—and a chance to share in their first world's series in fifty years.

Chase was born Feb. 13, 1883 in Los Gatos, Cal. He broke into pro ball with the south west Washington league in 1903 after gaining a rep as a college player with Santa Clara. In 1904 the Los Angeles Pacific Coast team grabbed him and the following year the Yankees obtained him for \$2,700. He played with them until 1913 with the exception of a year with Stockton in the California State League in 1908. The reason I fail to recall. The club, however wasn't under the national agreement and Chase's departure to that outfit was a personal one. In 1913 he was traded to the White Sox and when the Feds sprung up jumped to the outlaws the next year, playing two seasons with the Buffalo club. When the Fed league broke up he was sold to Cincinnati. Last year the Reds were glad to dispose of him to the Giants.

ANTIOCH ACADEMY BEATS WILLISS FIVE

The Antioch Academy basketball team defeated the Willis Business college five at Kelly hall, Antioch Saturday night, by the score of 53-10. The academy team outclassed the Springfield lads at every point, and the score at the end of the first half was 15-1 in their favor. In the preliminary game the Cedarville College girls' basketball team defeated the Antioch academy girls team 28-10.

THE GOOD NEWS SPREAD FAST.

One person after the other kept telling about what good Dreco was doing, so finally this lady bought a bottle.

RIGHT THING AT LAST

Relieved constipation; stopped gas forming; eased her kidney trouble, and strengthened the vital organs.

"It seemed like the good news of what Dreco was doing spread fast, for I kept hearing people talk about what it was doing until I decided to get a bottle also," said Mrs. Wm. A. Gast, 1814 Putnam St., Sandusky, O.

"I've suffered agonies from gastritis. My food soured in my stomach, filled me with gas, and caused gripping pains and a choking feeling in my throat. My bowels were constipated so that I had to take medicine almost every night for them. I had been under treatment for kidney trouble for months—seems I had taken everything except the right thing. I was losing hope of ever being real well again. When I started taking Dreco I was truly in a bad condition, for I could eat but very little solid food. Dreco acted in a soothing manner on my stomach and topped the gas almost at once. My food began to nourish me and my nerves got steady. My bowels acted in a normal way each day; the headaches stopped and my sleep became restful, and I'd rise in the morning feeling refreshed. Dreco has proven a wonderful tonic to my vital organs and made a new woman out of me."

Dreco is made from the pure liquid extracts of many herbal plants, which act on the stomach, liver, kidneys, bowels and enrich the blood.

All good druggists sell Dreco and it is highly recommended in this city by Sohn's Drug Store.

Thousands of cases of dyspepsia BUT ONLY ONE

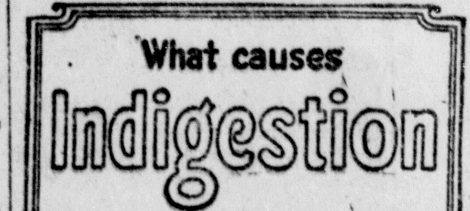

PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEPSINCO fail. But why not consider the recommendation of thousands of people who have used PEPSINCO on the basis of their belief in it. Try it yourself. We are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEPSINCO to-day.

Ask your druggist—he sells and recommends Pepsinco.

CHAMPION "REDS" BEGIN TRAINING

Miami, Fla., March 8.—Nineteen members of the world's champion Reds started training at 9 o'clock this morning. The rest of the team, minus hold out Heinie Groh, will arrive some time today, among them Walter Reuther who has not yet signed a contract, and Jimmy Ring, figured by manager Moran to be his headliner this season.

An excess of acid in the stomach sours the food and starts fermentation. Distressing gasses form. Your meals don't digest but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapiesin" bring relief almost as soon as they reach the stomach. "Pape's Diapiesin" costs little at drug stores.

A DOCTOR IN THE HOUSE FOR THIS FARMER'S FAMILY

Such Is Nerv-Worth When Parents and Children are "Off Their Feed."

An Especial Message of Comfort To the Ailing Mothers of Young Babies

The following highly interesting praise was given to East Liverpool's Nerv-Worth druggist a few days ago. Every suffering reader, every friend of such a sufferer, should read Allen Guthrie's words at least twice, so important and convincing are they:

C. T. Larkins—We have many reasons to praise Nerv-Worth at our house, as we all have at different times taken it. After our last little girl was born the mother did not get strong as fast as she should. Her appetite was very poor and she could not rest well at night.

I got her a bottle of Nerv-Worth and she had only taken a few doses when we noticed an improvement in her condition. She took three bottles at that time. And now when any of us get "off of our feed" or feel had we take some Nerv-Worth and get all right in a short time.

Allen Guthrie, East Liverpool, O., R. F. D. 2. The children also take Nerv-Worth in the Guthrie home and there are three of them.

Your dollar back at Sayre & Hemphill's, Xenia, if Nerv-Worth does not benefit you.

C. M. Ridgeway sells Nerv-Worth at Cedarville; W. F. Harper, Jamestown.

When a Man Spends

Shall it be wisely or foolishly? Conservative buyers are giving deep thought to this vital topic and with profit. It surely isn't the cheapest in first cost that makes the wisest purchase. It is that which results in the longest service at the most reasonable cost or that which gives continuous satisfaction.

A monument or marker is usually purchased but once, and if continuous satisfaction does not exist throughout the years, it is a poor investment. The fundamental principle underlying the plans for development by the George Dodds & Sons Granite Company is that of furnishing something to give continuous satisfaction.

OWN A HOME FOR YOUR CHILDREN'S SAKE

"FOR RENT—Five-room unfurnished house to adults only; \$50.00. Positively no Children."

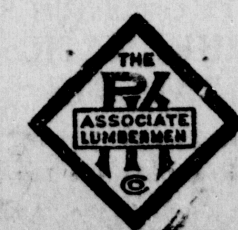

YOU'VE seen just such an Advertisement many a time in the classified columns of your favorite newspaper. You've no doubt raged inwardly about CHILDREN BEING BARRED.

What a warning to the younger generation preparing now rightfully to assume the sacred responsibilities of fatherhood and motherhood. What a tremendous argument in favor of HAVING A HOME OF YOUR OWN.

The Self-owned home is the mold in which childhood character is formed. It is such environment that sensitizes the plates of early memories to scenes and incidents which make for that which is good and right in adult years.

If you have children; it in the natural order of things you expect to assume the sacred responsibilities of a family; OWN A HOME FOR THEIR SAKE.

Thirteen entries have been received by the committee in charge, for the Sixth annual basketball tournament to determine the championship of the county, which will be held at Antioch college on Friday and Saturday.

Eight of the teams entered are in the boys division while the remainder are entered in the girls' events. The number of boys' teams entered is the smallest since the first meet but the teams are much better as a whole and the smaller number is due to the fact that some of the weaker teams realized that they would stand no chance with their superior opponents and did not enter. This is only the second year that girls have been admitted and one more team is entered this year than was the case last.

The following teams have been entered in the tourney: Yellow Springs, Xenia, Osborn, Jamestown, Bellbrook, Beavercreek, Ross Township, Caesarcreek in the boys division and Yellow Springs, Jamestown, Cedarville, Osborn and Ross township in the girls' section.

Hal Chase.

By Norman E. Brown.
According to recent word from the Giant camp, Hal Chase has laid down his baseball tools and tools for good. The news was not unexpected partly because of the fact that last year, Chase showed that he was slipping fast. Chase, in his palmy days, rightfully earned the title of "King of First Basemen." He covered the bag and the field around it as no man before or during his time could do. He was a good batter and brainy player in all branches of the game too. His name would occupy greater space in the hall of fame than it does, but for the fact that slightly temperamental and a foolish nature caused him to do indiscreet things that several times threatened his career despite his greatness as a player. One of the last unfortunate mixups in which he became involved cost him his berth with the Cincinnati Reds—and a chance to share in their first world's series in fifty years.

Chase was born Feb. 13, 1883 in Los Gatos, Cal. He broke into pro ball with the south west Washington league in 1903 after gaining a rep as a college player with Santa Clara. In 1904 the Los Angeles Pacific Coast team grabbed him and the following year the Yankees obtained him for \$2,700. He played with them until 1913 with the exception of a year with Stockton in the California State League in 1908. The reason I fail to recall. The club, however wasn't under the national agreement and Chase's departure to that outfit was a personal one. In 1913 he was traded to the White Sox and when the Feds sprung up jumped to the outlaws the next year, playing two seasons with the Buffalo club. When the Fed league broke up he was sold to Cincinnati. Last year the Reds were glad to dispose of him to the Giants.

PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEPINCO fail. But why not consider the recommendation of thousands of people who have used PEPINCO on the basis of their belief in it. Try it yourself. We are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEPINCO to-day.

ANTIOCH ACADEMY BEATS WILLISS FIVE

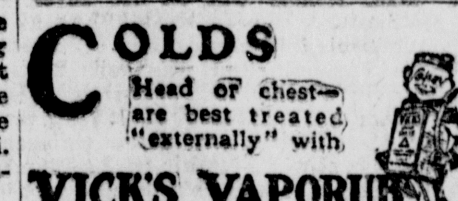

The Antioch Academy basketball team defeated the Willis Business college five at Kelly hall, Antioch Saturday night, by the score of 53-10.

The academy team outclassed the Springfield lads at every point, and the score at the end of the first half was 15-1 in their favor. In the preliminary game the Cedarville College girls' basketball team defeated the Antioch academy girls team 28-10.

THE GOOD NEWS SPREAD FAST.

One person after the other kept telling about what good Dreco was doing, so finally this lady bought a bottle.

RIGHT THING AT LAST

Relieved constipation; stopped gas forming; eased her kidney trouble, and strengthened the vital organs.

"It seemed like the good news of what Dreco was doing spread fast, for I kept hearing people talk about what it was doing until I decided to get a bottle also," said Mrs. Wm. A. Gast, 1814 Putnam St., Sandusky, O.

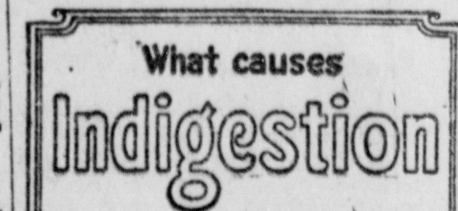

"I've suffered agonies from gastritis. My food soured in my stomach, filled me with gas, and caused gripping pains and a choking feeling in my throat. My bowels were constipated so that I had to take medicine almost every night for them. I had been under treatment for kidney trouble for months—seems I had taken everything except the right thing. I was losing hope of ever being real well again. When I started taking Dreco I was truly in a bad condition, for I could eat but very little solid food. Dreco acted in a soothing manner on my stomach and topped the gas almost at once. My food began to nourish me and my nerves got steady. My bowels acted in a normal way each day; the headaches stopped and my sleep became restful, and I'd rise in the morning feeling refreshed. Dreco has proven a wonderful tonic to my vital organs and made a new woman out of me."

Dreco is made from the pure liquid extracts of many herbal plants, which act on the stomach, liver, kidneys, bowels and enrich the blood.

All good druggists sell Dreco and it is highly recommended in this city by Sohn's Drug Store.

CHAMPION "REDS" BEGIN TRAINING

Miami, Fla., March 8.—Nineteen members of the world's champion Reds started training at 9 o'clock this morning. The rest of the team, minus hold out Heinie Groh, will arrive some time today, among them Walter Reuther who has not yet signed a contract, and Jimmy Ring, figured by manager Moran to be his headliner this season.

An excess of acid in the stomach sours the food and starts fermentation. Distressing gasses form. Your meals don't digest but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapiesin" bring relief almost as soon as they reach the stomach. "Pape's Diapiesin" costs little at drug stores.

A DOCTOR IN THE HOUSE FOR THIS FARMER'S FAMILY

Such Is Nerv-Worth When Parents and Children are "Off Their Feed."

An Especial Message of Comfort To the Ailing Mothers of Young Babies

The following highly interesting praise was given to East Liverpool's Nerv-Worth druggist a few days ago. Every suffering reader, every friend of such a sufferer, should read Allen Guthrie's words, at least twice, so important and convincing are they:

C. T. Larkins—We have many reasons to praise Nerv-Worth at our house, as we all have at different times taken it. After our last little girl was born the mother did not get strong as fast as she should. Her appetite was very poor and she could not rest well at night.

I got her a bottle of Nerv-Worth and she had only taken a few doses when we noticed an improvement in her condition. She took three bottles at that time. And now when any of us get "off of our feed" or feel bad we take some Nerv-Worth and get all right in a short time.

ALLEN GUTHRIE, East Liverpool, O., R. F. D. 2. The children also take Nerv-Worth in the Guthrie home and there are three of them.

Your dollar back at Sayre & Hemphill's, Xenia, if Nerv-Worth does not benefit you.

C. M. Ridgeway sells Nerv-Worth at Cedarville; W. F. Harper, Jamestown.

When a Man Spends

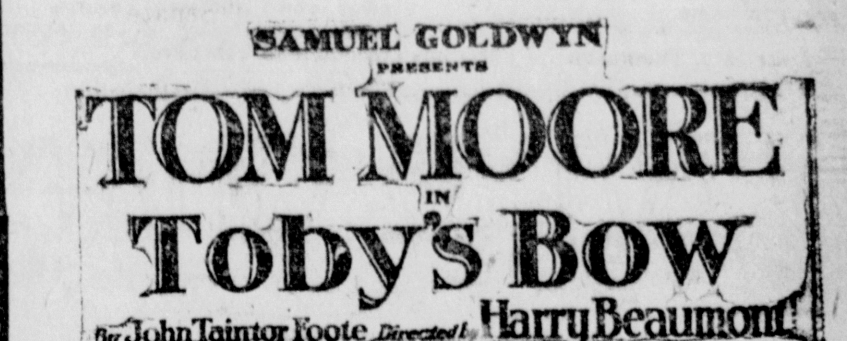

Shall it be wisely or foolishly? Conservative buyers are giving deep thought to this vital topic and with profit. It surely isn't the cheapest in first cost that makes the wisest purchase. It is that which results in the longest service at the most reasonable cost or that which gives continuous satisfaction.

A monument or marker is usually purchased but once, and if continuous satisfaction does not exist throughout the years, it is a poor investment. The fundamental principle underlying the plans for development by the George Dodds & Sons Granite Company is that of furnishing something to give continuous satisfaction.

"FOR RENT—Five-room unfurnished house to adults only; \$50.00. Positively no Children."

YOU'VE seen just such an Advertisement many a time in the classified columns of your favorite newspaper. You've no doubt raged inwardly about CHILDREN BEING BARRED.

What a warning to the younger generation preparing now rightfully to assume the sacred responsibilities of fatherhood and motherhood. What a tremendous argument in favor of HAVING A HOME OF YOUR OWN.

The Self-owned home is the mold in which childhood character is formed. It is such environment that sensitizes the plates of early memories to scenes and incidents which make for that which is good and right in adult years. If you have children; it is in the natural order of things you expect to assume the sacred responsibilities of a family; OWN A HOME FOR THEIR SAKE.

Heart and Home Problems

By Mrs. Elizabeth Thompson

Dear Mrs. Thompson: I am a young divorced woman and have been keeping company with a fellow for two months. He seemed to think the world of me and I thought a lot of him. He has a very jealous disposition and when we attended dances together he would always tell me not to dance with any one but him. I went against his wishes and he deserted me at the dance, and let me go home alone. I felt very blue at the time. Since then he has called me on the phone.

I have another friend now, but I do not care much for him. When I see my first friend I think as much of him as before, but he never speaks to me of a date.

Do you think he intends seeing me again? He has a girl with whom he has been going, but he doesn't seem to care for her.

Is it my place to ask him back? I have given him many chances to think I am not angry at him and would be willing to be the same friend as before. I know he thinks a lot of me, but he seems to hate to come between my second friend and me. Should I stop going with this second young man so he will see it?

Any one who has such uncontrollable jealousy makes an unsatisfactory friend. It is just as well that you learned of this falling before you became deeper in love. Forget about the young man as soon as possible.

I believe you have a mistaken idea in regard to his hating to come between you and your other friend. Probably he is stubborn and would rather give you up entirely than to show that he is in the wrong. He was decidedly ungentlemanly when he left you at the dance and did not see you home.

Dear Mrs. Thompson: I am a boy

fourteen years of age. My father owns a bakery shop and while my father and I were on the wagon delivering bread I met a young girl about thirteen years of age. She asked me if I would give her a cake if she would give me a kiss.

She told me her name and where she lived and many other things. I was very much interested in her. I thought she was the most beautiful creature that I ever saw.

Will you please advise me what to do? Should I get acquainted with her further or not? S. SAMBO.

The girl was certainly forward to speak to you in the way she did. I would not advise further acquaintance.

Dear Mrs. Thompson: I am a girl sixteen years old and in love with a fellow about eighteen months my senior. He asked to take me several places, but I refused and now I am very sorry. I think he cares a great deal for me.

I am a very great friend of his sisters and all his family. We left that city and I am now corresponding with his sisters. I would like very much to hear from him. What could I do to gain his friendship again?

Would it be all right to write to him or ask his sister to have him write to me? My folks seem to like him very much.

BROKEN-HEARTED. When writing the boy's sister you might ask to be remembered to him, but do not suggest a correspondence with him. You had your chance to be his friend and let it go; now be a game loser.

G. H. L.: It is impossible to answer your question because it is against the policy of the column to recommend concerns.

A WELL SHAPED ANKLE.

Many girls write in to me to ask the best method of having slender ankles and well shaped limbs.

The very best method is by practicing faithfully a simple little exercise which will only take a couple of minutes a day. Stand on the floor in the stocking feet. Raise up on the toes, lifting the heels as high above the floor as possible. Repeat again and again for about two or three minutes. Then if it is practical, wear a pair of loose, heelless or low heeled slippers for the next half hour.

If you are not accustomed to exercise, the muscles in the calves of the legs, will probably be sore, but this only proves how badly you need this. After a few days, the muscles will already be so much strengthened that there will be no soreness. When you have practiced this for a few weeks, you can make it more difficult and incidentally more beneficial by resting most of the weight on one foot and raising up and down on this. This is one of the first exercises given by the teachers of classic dancing and it is also given to students of ballet dancing who intend later to become toe dancers. In this profession of course, a slender ankle and a well developed leg is absolutely essential to grace and beauty.

This exercise given today is one of the simplest and most easily practiced exercises. Besides developing the ankle it will strengthen all the muscles of the instep and do much to cure or prevent broken or fallen arches.

GAS SITUATION IS NOT A JOKE TO CITY OF YELLOW SPRINGS

"The gas situation is not a joke, as one might think from some statements made up to this time," said J. A. Finney, of the firm of Miller & Finney of this city, attorneys for the village of Yellow Springs in its opposition to the proposed rate of the Janta Light and Fuel Company. On the contrary it is a very serious matter and should be regarded as such.

The village is fighting the proposed increase in rate, which would make gas in the village range in price from 70 cents a thousand feet up. Greenville, one of the other villages which granted a contract to the Janta company, is also preparing to fight the case it is understood. It seems that the Greenville council passed on the proposed increase without finding the will of the people in the matter and since then complaints led to a referendum and the matter was voted down at the November election.

At the same election three new councilmen were elected who could be depended upon to "stand pat" against the raise when it should again come up. Fairfield and Osborn are also fighting the case, and attorneys for these four villages are planning to get together on the case before the hearing, which is set for

MRS. NANCY WINTER DIES IN CEDARVILLE

Mrs. Nancy Turnbull Winter, widow of Dr. Andrew Winter, and member of a widely connected Greene county family, died shortly after 9 o'clock Monday morning at her home in Cedarville.

Death was due to a second stroke of paralysis, which she suffered January 20. She had been unconscious since last Thursday.

Mrs. Winter was in her seventy-ninth year when she died. She was a daughter of Thomas and Elizabeth Kyle Turnbull, and was born on a farm in Cedarville township. Her husband died in July 1891. Surviving Mrs. Winter are three children: Mrs. Charles E. Nesbit of Loveland; Miss Isabelle, who is a teacher in the Painesville high school, and Andrew at home. Judge C. H. Kyle, Dr. Joseph Kyle and Mrs. Estella Holt of this city, are first cousins of the decedent.

Funeral arrangements will be announced later.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays or rather ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyperacidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad S-1 and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mucus, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

RESULTS ARE AMAZING, SAYS THIS WOMAN

"I Can Feel Volatonic Helping Me," Says Mrs. Nageleson.

Although Mrs. Emma J. Nageleson of Apartment No. 5 at 333 West Ninth street, Cincinnati, O., has taken less than one bottle of Volatonic, "Builder of Strength," she says the results already are amazing.

To illustrate how Volatonic built up her strength Mrs. Nageleson told of the difference she can notice now while doing her sweeping.

"Sweeping used to tire me out but since Volatonic built up my strength it is easy for me," she said. "I was run down and weak and nervous before I took Volatonic. My appetite was very poor and the little food I did eat didn't digest right. I felt so badly that at times I could hardly get about and my work was becoming harder and harder."

"Volatonic's work is amazing. I haven't taken all of the first bottle yet but I can just feel it helping me and am getting better all the time."

"My appetite has come back and I can properly digest the food I eat now so that it does me good. The weakness and nervousness is disappearing and I am gaining in strength and already am so much stronger that the housework is a great deal easier."

"I am convinced that Volatonic is all it is represented to be and I do not hesitate to recommend it to every body."

If you are feeling weak and run down get Volatonic, "Builder of Strength"—TODAY!—and get real health and vigor.

Volatonic is being specially introduced in Xenia at Sayre & Hemphill's, and in Jamestown by W. F. Harper.

YELLOW SPRINGS IN AREA BIGGER THAN XENIA; FEWER PEOPLE

Do you know that the town of Yellow Springs covers more area than the city of Xenia?

If you were a book agent or a solicitor of some sort you would soon find it out, for people who have had to tramp over the streets of Yellow Springs have found that it takes a lot of "pick-et" around over that place.

As a matter of fact, Yellow Springs contains nearly 17 miles of streets and basing the population at 1,400 people and distributing the property equally, every man, woman and child would have a foot frontage on said streets of 128 feet each.

Six streets in the village are over a mile in length. These streets and their 7,050; South College street, 6,50 feet; length in feet follows Dayton street, 7,050; South College, 6,600 feet; Xenia avenue, 6,150 feet; Fairfield street, 5,775 feet; High street and Corry, 5,400 feet each.

The circumference of the village is nearly six miles, while the distance from the south-east corner to the north-east corner is nearly two miles.

The tradition that the village was originally laid out for a city explains the fact that it was arranged on such a large scale, covering more territory than does Xenia city, yet with only about one-tenth the population.

FIRE DEPARTMENT BUSY SATURDAY AND SUNDAY WITH FIRES

The old tradition of "when there is one fire there are three" was fulfilled here Saturday and Sunday when the fire department made three different runs.

The first fire was at the home of Mrs. Hurley on Chestnut street at 4:30 Saturday afternoon when a spark from the flue ignited the roof. The damage was small.

The department made another run at 9:30 o'clock Saturday night to the home of W. C. Halliday on North Galloway street. A flue burning out was the cause for calling out the department. A spark from the flue is believed to have originated a fire at the home of Harry Fudge on Hiveling street at three o'clock Sunday afternoon. The blaze was the worst of three, a large hole being burned in the roof.

PREDICT THE LAST WEEK OF NEWBERRY TRIAL ON OPENING

Grand Rapids, Mich., March 8.—This is to be the last week of the Newberry trial. It was predicted as today's session opened.

Statements by the defense attorneys indicated that they would conclude the presentation of their testimony by Wednesday or Thursday. The last important witness to be called by the defense will be Paul H. King, manager of the Newberry campaign, who already has been on stand almost two days.

Today the defense prepared to read into the court records what it declares tells the whole story of the campaign—a great mass of letters and telegrams which passed between King and Senator Newberry.

It was expected that the government counsel would object to their presentation to the jury.

Among the character witnesses expected to testify are R. W. Townsend, and former Senator Alden Smith, who Michigan's senior senator, who is to take the stand in behalf of King, and former senator Alden Smith who is to give testimony as to the good character of Robert M. Andrews of Menominee. His action is regarded with surprise as he has been considered a foe of Senator Newberry.

James W. Helme, who ran in the Democratic primaries, will take the stand.

"THE RIVALS" TO BE PRESENTED MONDAY

Final arrangements have been completed and the stage is all set for the production of "The Rivals" by the class of 1920 as their contribution to the series of class plays that are given every year by the graduating class of Central High School.

The play will be presented on Monday and Tuesday night at the opera house.

The cast has been working hard to put on the finishing touches and has at last completed everything but the actual performance.

The Crown of Womanhood

is motherhood. But many women face the ordeal of maternity without sufficient preparation. At such times and later—the mother should take a vegetable tonic, sold by druggists and known in almost every home as Doctor Pierce's Favorite Prescription. Thousands of women have testified as to its efficacy as does the following:

CONNEAUT, OHIO.—"After motherhood my health seemed to fail. I became all run-down, was weak and nervous, restless, could not sleep at night, and became so completely down and out that I was almost an invalid when I saw Dr. Pierce's Favorite Prescription advertised and decided to take it. The first few bottles gave me such wonderful relief that I kept up its use and in time I was completely restored to a strong healthy state. 'Favorite Prescription' is the finest medicine I have ever taken and I take great pleasure in giving this recommendation." — Mrs. M. F. ALLEN, 443 Shore Court.

MRS. E. C. MENDENHALL DIES LATE SATURDAY IN SPRING VALLEY

Mrs. Eunice Compton Mendenhall, one of the oldest and best known residents of Spring Valley, died Saturday afternoon, at the age of 85 years.

Taken ill, Thanksgiving day, Mrs. Mendenhall was threatened with pneumonia, but regained much of her strength and was able to be about the house, until last Tuesday, when she again became bedfast. Death was due directly to apoplexy, by which she was stricken Saturday morning.

Mrs. Mendenhall was the daughter of John and Rebecca Compton, who were prominent birthright Friends of the county. She was the last of their family of three children, her brother Amos Compton, and sister, Mrs. Alice Walton, having preceded her in death. She was born near New Burlington, August 9, 1834, and was married in 1856, to John Mendenhall at the Caesar Creek meeting house, by the old time Friends' ceremony. Her death occurred on the sixty-fourth anniversary of her marriage. Mr. Mendenhall died in June, 1907. Of the nine children born to them seven survive their mother: Mrs. Alice Johnson, William H. Morrow W. Mrs. Amy Lumpkins, Amos, and Mrs. Jennie Peterson of this county, and Orville of Monrovia, Cal.

Mrs. Mendenhall was an elder in the Friends' church, and teacher in the Sunday school for many years. Funeral services will be held Tuesday at 10:30 at the Friends' church, in Spring Valley. Friends will meet at the house at ten o'clock. Interment in Spring Valley cemetery.

MEMORIAL FUNDS TO BE DEPOSITED IN COMMERCIAL BANK

Arrangements were completed to make the Commercial and Savings Bank of this city, a depository for the memorial funds, at a meeting of the Memorial committee of the Association of Ex-Pupils of the Ohio Soldiers' and Sailors' Orphans' Home which was held Saturday.

All pledges are to be paid directly into the bank, thus eliminating the necessity of any pupil having charge of them.

Over \$5,000 has been pledged to the memorial fund, and \$1,100 of that sum, already paid. While it was the original intention to secure \$10,000 before any action toward securing plans for the proposed ex-pupils' memorial building were taken, the instability of the market and the financial condition has caused that amount to be increased to \$30,000.

Members of the committee, who attended the meeting Saturday, were: Isaac Thrasher of Newport, Ky.; James Augustus of Springfield; Fred Benjamin of Cleveland, and C. C. Henrie of Xenia.

SUNLIGHT CREAMERIES OPEN CREAM STATION

The Sunlight Creameries, which have completed a mammoth new plant at Washington, C. H., with starting capacity of 25,000,000 pounds of butter and oleomargarine annually, have opened a permanent cream buying station in Xenia, with G. C. Mendenhall, the operator, with location next to Bradstreet's grocery.

It is announced that the station in Xenia is one of 1,000 cream buying stations now being established in as many towns and cities in Ohio, Indiana, Kentucky and West Virginia.

By using a half hundred motor trucks in transporting cream to the big plant in Washington, C. H., the firm expects to reduce heavy express charges and be in a position to pay top prices to farmers at all times.

The Sunlight Creameries already have stations in Jamestown, Cedarville, Clifton and Bowersville.

ADMIT TWO MORE TO O. S. & S. O. HOME

Approval of bills, the admittance of two children, and other routine business occupied the attention of the board of trustees of the O. S. and S. O. Home at their March meeting Saturday night. All the members were present, with the exception of Howard Manington, of Columbus, who is in the east. Judge Frank Allen of Washington, C. H., who was unable to attend the two last previous meetings owing to a fall on the ice which injured his hip, was present.

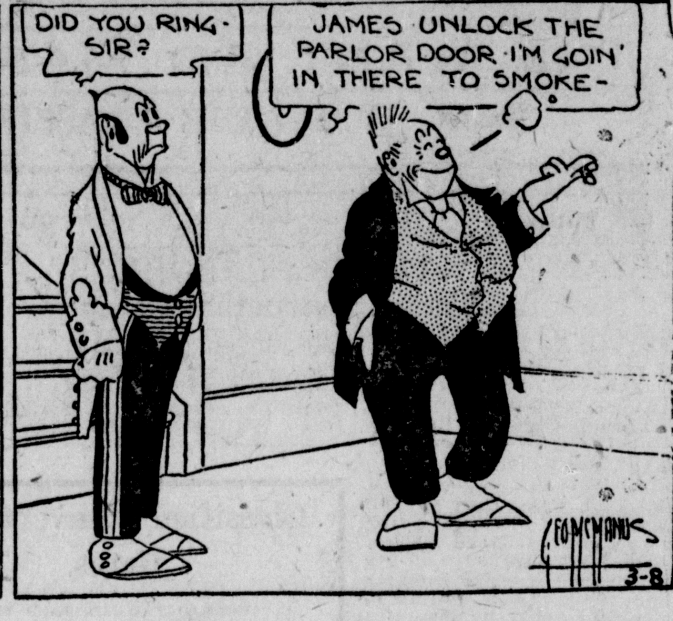

GOOD HOUSEKEEPERS USE BEST That is why they use Red Cross Ball Blue. All leading grocers, 5 cents.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

OPERA HOUSE SHOW RATED AMONG BEST

Presented with a decidedly capable cast, which combined beauty, costumes, voice and ability, John Cort's presentation of "Flo-Flo," was easily the best offering shown at the Opera House this season.

The piece was considerably more pretentious than the shows that preceded it and for beauty of chorus and costume was in a class by itself. Hazel Alger as "Flo-Flo" was as clever as she was pretty, while Eleanor McCune as Angelina Stokes was not only pretty but possessed a good voice. Carl George as Isadore Moses was a good character actor, and Augustus Buell and Rhea Norton, in their Spanish impersonations were pleasing. Robert Dale and Frank Masters furnished plenty of fun with their comedy dancing.

The lingerie parade, the cloak parade and the costuming in the specialty song "On the River Nile," were the prettiest seen here this season. Xenians who saw "Lady Kitty, Inc.," with Kitty Gordon, say that Cort's offering was easily much better.

STORK VISITS HOME; TEN HAVE SMALLPOX

Bedford, Ind., March 8.—Even the dreaded disease smallpox could not bluff the stork when it called at the home of Dillon Clark, where the parents and ten children—the entire family—are suffering from the malady. The stork left with them a baby girl. The infant has been christened "Variola" the Latin name for smallpox.

LUNCHEON DAINTIES

Liver Sandwiches.—One pound of cooked liver, two tablespoons of chopped cooked ham, one tablespoon of chopped onion, one tablespoon of melted shortening, salt, pepper.
Run the liver and the ham and onion through the meat chopper twice. Add the melted shortening and salt and pepper and mix to a smooth paste. Chopped pickle may be added if desired. Spread thin on brown bread and add a few sprigs of watercress if available.

Chicken Liver Sandwiches.—Mix an equal quantity of chicken livers, chopped, with chopped olives, lemon juice, cayenne pepper and salt.

Hot Cheese Sandwiches.—Melt one-quarter pound cheese with three tablespoons fat, one-half teaspoon mustard, salt and a few grains of red pepper; moisten with a little vinegar and spread between thin slices of bread.

Bacon Sandwiches.—Cut the crust from the loaf of bread, beat four tablespoons of butter until creamy and then add one-quarter teaspoon of mustard, one-quarter teaspoon of paprika and one-half teaspoon of

Worcestershire sauce. Blend well and then butter the slice of bread on the loaf, then cut very thin with a sharp knife. Cut each slice in half and place a nicely browned thin slice of bacon between the slices of bread.

Some Dainty Sandwich Fillings.—Sandwiches are tasty made from parsley, watercress, green or red peppers or from nuts. Finely chopped dried fruits make a splendid choice for this service.

TESTED RECIPES

Spanish Rice.—Add a pint can of tomatoes to six tablespoons of rice. Slice five small onions into this with bits of stale cheese and season well. Cover well with hot water and bake slowly for an hour and a quarter, or until ingredients are tender. Water may be added if the mixture becomes too dry.

Lettuce Salad.—Shred lettuce, cut an onion into small pieces, also a hard-boiled egg, and cover them with vinegar or mayonnaise made of teaspoon of salt, four teaspoons flour, two eggs yolks, cup and half of milk, teaspoon mustard, tablespoon butter, four tablespoons sugar, cup of vinegar. Cook until thick. It keeps indefinitely.

Cocoanut Cookies.—Cream one-half cup shortening and one cup of sugar. Add two eggs beaten, four tablespoons milk, salt, four teaspoons baking powder, two cups of flour, one-half cup of cocoanut. Children are especially fond of these.

Oatmeal and Fish Croquettes.—Mix one and one-half cups of cooked fish, three cups of cooked oatmeal, one tablespoon of salt and pepper to taste. Dip in egg and crumbs and saute in hot bacon fat to which one-half cup of chopped peppers has been added.

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS

A MODERN STORY OF HOME AND BUSINESS

CALLERS

Chapter 71.

Robert ordered the simplest sort of a dinner. I, preface, did the same. When the check came he paid it, but offered no objection after we reached home when I gave him my share.

"I wish you wouldn't act this way, Robert," I said. "You know that I am willing to put all we have in a common fund. If you earned more than I did I wouldn't feel as you do."

"No—a woman wouldn't."

"I can't see any difference."

"Well, I can. It is no use talking of it, Gerry. I mean just what I say. Mean it for all time. I have despised myself more than you have despised me. I know that I haven't paid even my half of the expenses for some time. But now we'll go it alone. I can at least feed myself, and pay for my bed."

Robert spoke so bitterly that the tears came into my eyes. I brushed them away so that he would not see them. But I pretended to be busy and left the room. I couldn't trust myself to talk anymore just then.

I had scarcely returned to him when I heard voices in the hall, and then a tap on our door.

"Come in," I called thinking it was the maid. To my surprise it was Mary Ryan and Gardner Kenyon.

"Caught you, lazy bones!" Mary exclaimed as Robert jumped up to greet them. "The idea of lying down at 8 o'clock."

"I know it seems ridiculous, Mary, but my social duties are so tiring," Robert replied, jocularly.

"We thought you might take pity on us and play bridge," Mary said after we had greeted Gardner. "Mr. Kenyon came to call and there wasn't a blessed thing we could do but sit and look at each other, so I suggested we come over here."

"What's the matter with you, Mary? Lost your gift of gab?" Robert inquired.

"No, Robert, only laid it away for a while until I can gab, as you call it, more correct." She flushed as she made the honest confession.

"Oh, that's it! Well I'll get the table and we'll play. You'll be my partner, and I'll forgive you if you don't talk."

"He'd not forgive you if you did!" I broke in. Bob was a crank when he played cards. He played all games well, and had no patience with anyone who did not pay attention to the game.

"Oh, Robert and I always get along," Mary replied as we took our places.

It was the first time I had seen Gardner since I had gotten him the invitation to Betty Weed's party. At first I felt a little embarrassed, I knew, and he knew, that we were becoming interested in each other before he met Mary. And because she never dreamed of such a thing, she naively allowed me to know that he had been with her a good deal since then.

I played badly—so badly that Robert spoke of it several times. I could not fix my thoughts upon the game. I knew Mary had come over purposely to help me keep Robert contented for the evening. I knew also that he had been very little disposed to talk or exert himself in anyway, and that he welcomed the game as a relief.

It hurt me to think this—to know that he had come to a place where he cared nothing about chatting with me. It had been a long time since we had had any of our happy evenings together, longer than I cared to think. He had spent many of them away from me of late, and when at home had been silent if not morose. So instead of playing my best, I played my worst because my mind was upon him.

"Ten o'clock, Gardner. We must go after this rubber," Mary said as the clock struck. She had called him "Gardner" so naturally that it bespoke practice. Robert was right. They were becoming very friendly.

She and Robert won it, and altho I urged them to stay and let me get them something to eat they refused. Mary pleading she must get home.

"Can't you see they want a few minutes alone more than they want eats?" Robert growled.

"Judging by yourself, dear?"

"Perhaps."

His tone as he spoke the word was so peculiar it set me thinking. Did he mean that he cared nothing about being alone with me any more? Tomorrow—Mary's Great News

MRS. E. C. MENDENHALL DIES LATE SATURDAY IN SPRING VALLEY

Mrs. Eunice Compton Mendenhall, one of the oldest and best known residents of Spring Valley, died Saturday afternoon, at the age of 85 years.

Taken ill, Thanksgiving day, Mrs. Mendenhall was threatened with pneumonia, but regained much of her strength and was able to be about the house, until last Tuesday, when she again became bedfast. Death was due directly to apoplexy, by which she was stricken Saturday morning.

Mrs. Mendenhall was the daughter of John and Rebecca Compton, who were prominent birthright Friends of the county. She was the last of their family of three children, her brother Amos Compton, and sister, Mrs. Alice Walton, having preceded her in death. She was born near New Burlington, August 9, 1834, and was married in 1856, to John Mendenhall at the Caesar Creek meeting house, by the old time Friends' ceremony. Her death occurred on the sixty-fourth anniversary of her marriage. Mr. Mendenhall died in June, 1907. Of the nine children born to them seven survive their mother: Mrs. Alice Johnson, William H. Morrow, Mrs. Amy Lumpkins, Amos, and Mrs. Jeanie Peterson of this county, and Orville of Monrovia, Cal.

Mrs. Mendenhall was an elder in the Friends' church, and teacher in the Sunday school for many years.

Funeral services will be held Tuesday at 10:30 at the Friends' church, in Spring Valley. Friends will meet at the house at ten o'clock. Interment in Spring Valley cemetery.

MEMORIAL FUNDS TO BE DEPOSITED IN COMMERCIAL BANK

Arrangements were completed to make the Commercial and Savings Bank of this city, a depository for the memorial funds, at a meeting of the Memorial committee of the Association of Ex-Pupils of the Ohio Soldiers' and Sailors' Orphans' Home which was held Saturday.

All pledges are to be paid directly into the bank, thus eliminating the necessity of any ex-pupil having charge of them.

Over \$5,000 has been pledged to the memorial fund, and \$1,100 of that sum, already paid. While it was the original intention to secure \$10,000 before any action toward securing plans for the proposed ex-pupils' memorial building were taken, the instability of the market and the financial condition has caused that amount to be increased to \$30,000.

Members of the committee, who attended the meeting Saturday, were: Isaac Thrasher of Newport, Ky.; James Augustus of Springfield; Fred Benjamin of Cleveland, and C. C. Henrie of Xenia.

SUNLIGHT CREAMERIES OPEN CREAM STATION

The Sunlight Creameries, which have completed a mammoth new plant at Washington, C. H. with starting capacity of 25,000,000 pounds of butter and oleomargarine annually, have opened a permanent cream buying station in Xenia, with G. C. Mendenhall, the operator, with location next to Bradstreet's grocery.

It is announced that the station in Xenia is one of 1,000 cream buying stations now being established in as many towns and cities in Ohio, Indiana, Kentucky and West Virginia.

By using a half hundred motor trucks in transporting cream to the big plant in Washington, C. H., the firm expects to reduce heavy express charges and be in a position to pay top prices to farmers at all times.

The Sunlight Creameries already have stations in Jamestown, Cedarville, Clifton and Bowersville.

ADMIT TWO MORE TO O. S. & S. O. HOME

Approval of bills, the admittance of two children, and other routine business occupied the attention of the board of trustees of the O. S. and S. O. Home at their March meeting Saturday night. All the members were present, with the exception of Howard Mannington, of Columbus, who is in the east. Judge Frank Allen of Washington, C. H., who was unable to attend the two last previous meetings owing to a fall on the ice which injured his hip, was present.

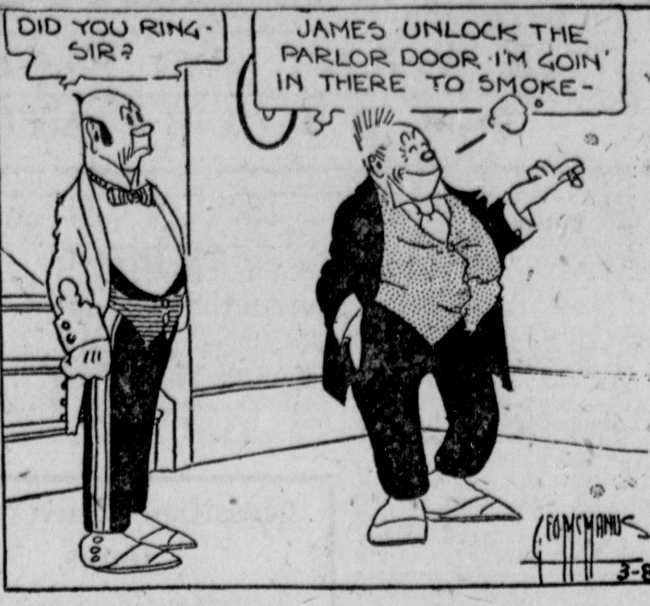

GOOD HOUSEKEEPERS USE BEST
That is why they use Red Cross Ball Blue. All leading grocers, 5 cents.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

LUNCHEON DAINTIES

Liver Sandwiches—One pound of cooked liver, two tablespoons of chopped onion, one tablespoon of melted shortening, salt, pepper.

Run the liver and the ham and onion through the meat chopper twice. Add the melted shortening and salt and pepper and mix to a smooth paste. Chopped pickle may be added if desired. Spread thin on brown bread and add a few sprigs of watercress if available.

Chicken Liver Sandwiches—Mix an equal quantity of chicken livers, chopped, with chopped olives, lemon juice, cayenne pepper and salt.

Hot Cheese Sandwiches—Melt one-quarter pound cheese with three tablespoons fat, one-half teaspoon mustard, salt and a few grains of red pepper; moisten with a little vinegar and spread between thin slices of bread.

Bacon Sandwiches—Cut the crust from the loaf of bread, beat four tablespoons of butter until creamy and then add one-quarter teaspoon of mustard, one-quarter teaspoon of paprika and one-half teaspoon of

Worcestershire sauce. Blend well and then butter the slice of bread on the loaf, then cut very thin with a sharp knife. Cut each slice in half and place a nicely browned thin slice of bacon between the slices of bread.

TESTED RECIPES

Spanish Rice—Add a pint can of tomatoes to six tablespoons of rice. Slice five small onions into this with bits of stale cheese and season well. Cover with hot water and bake slowly for an hour and a quarter, or until ingredients are tender. Water may be added if the mixture becomes too dry.

Lettuce Salad—Shred lettuce, cut an onion into small pieces, also a hard-boiled egg, and cover them with vinegar or mayonnaise made of teaspoon of salt, four teaspoons flour, two egg yolks, cup and half of milk, teaspoon mustard, tablespoon butter, four tablespoons sugar, cup of vinegar. Cook until thick. It keeps indefinitely.

Cocoanut Cookies—Cream one-half cup shortening and one cup of sugar. Add two eggs beaten, four tablespoons milk, salt, four teaspoons baking powder, two cups of flour, one-half cup of cocoanut. Children are especially fond of these.

Oatmeal and Fish Croquettes—Mix one and one-half cups of cooked fish, three cups of cooked oatmeal, one tablespoon of salt and pepper to taste. Dip in egg and crumbs and saute in hot bacon fat to which one-half cup of chopped peppers has been added.

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS

A MODERN STORY OF HOME AND BUSINESS

CALLERS

Chapter 71.

Robert ordered the simplest sort of a dinner. I, preface, did the same. When the check came he paid it, but offered no objection after we reached home when I gave him my share.

"I wish you wouldn't act this way, Robert," I said. "You know that I am willing to put all we have in a common fund. If you earned more than I did I wouldn't feel as you do."

"No—a woman wouldn't."

"I can't see any difference."

"Well, I can. It is no use talking of it, Gerry. I mean just what I say. Mean it for all time. I have despised myself more than you have despised me. I know that I haven't paid even my half of the expenses for some time. But now we'll go it alone. I can at least feed myself, and pay for my bed."

Robert spoke so bitterly that the tears came into my eyes. I brushed them away so that he would not see them. But I pretended to be busy and left the room. I couldn't trust myself to talk anymore just then.

I had scarcely returned to him when I heard voices in the hall, and then a tap on our door.

"Come in," I called thinking it was the maid. To my surprise it was Mary Ryan and Gardner Kenyon.

"Caught you, lazy bones!" Mary exclaimed as Robert jumped up to greet them. "The idea of lying down at 8 o'clock."

"I know it seems ridiculous, Mary, but my social duties are so tiring," Robert replied, jocularly.

"We thought you might take pity on us and play bridge," Mary said after we had greeted Gardner. "Mr. Kenyon came to call and there wasn't a blessed thing we could do but sit and look at each other, so I suggested we come over here."

"What's the matter with you, Mary? Lost your gift of gab?" Robert inquired.

"No, Robert, only laid it away for a while until I can gab, as you call it, more correct." She flushed as she made the honest confession.

"Oh, that's it! Well I'll get the table and we'll play. You'll be my partner, and I'll forgive you if you don't talk."

"He'd not forgive you if you did!" I broke in. Bob was a crank when he played cards. He played all games well, and had no patience with anyone who did not pay attention to the game.

"Oh, Robert and I always get along," Mary replied as we took our places.

It was the first time I had seen Gardner since I had gotten him the invitation to Betty Weed's party. At first I felt a little embarrassed, I knew, and he knew, that we were becoming interested in each other before he met Mary. And because she never dreamed of such a thing, she naively allowed me to know that he had been with her a good deal about being alone with me any more?

Since then.

I played badly—so badly that Robert spoke of it several times. I could not fix my thoughts upon the game. I knew Mary had come over purposely to help me keep Robert contented for the evening. I knew also that he had been very little disposed to talk or exert himself in anyway, and that he welcomed the game as a relief.

It hurt me to think this—to know that he had come to a place where he cared nothing about chatting with me. It had been a long time since we had had any of our happy evenings together, longer than I cared to think. He had spent many of them away from me of late, and when at home had been silent if not morose. So instead of playing my best, I played my worst because my mind was upon him.

"Ten o'clock, Gardner. We must go after this rubber," Mary said as the clock struck. She had called him "Gardner" so naturally that it bespoke practice. Robert was right. They were becoming very friendly.

His tone as he spoke the word was so peculiar it set me thinking. Did he mean that he cared nothing about being alone with me any more?
